

Privacy Preserving Fall Detector

Allows family members and caregivers to receive instant fall alerts.

NO CLUNKY WEARABLES

Advanced computer vision AI detects people poses and movements. No clunky wearables, no batteries and no change of user behavior required.

VIRTUAL FAMILY PRESENCE

Families have peace of mind that their loved ones are being cared for 24x7. Able to react timely within the First Golden Hour of a fall incident.

SENSE OF SECURITY

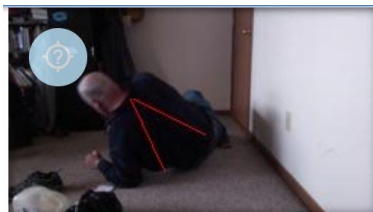

Family members are able to observe and understand caregiver services and incidents. Who, when and why visits mom or dad. When, why and how did they fall?

REDUCED LIABILITY AND COST OF CARE

Improved response time results in fewer complications and hospital admissions.

PRIVACY PRESERVING

No user data is ever collected or stored in the cloud. Only authorized family members and caregivers can pull records from the detector box.
